Public, 9 hole golf course. Golf management recommends course for medium skill level golfers and up. Traditional style golf course layout. This course is fairly flat and easy to walk. Some holes have a bit of elevation, but nothing too severe. Even though the fairways are relatively wide open and defined by rough, there are numerous maple, oak, elm, cottonwood, and dogwood trees which come into play. In addition, a creek comes into play on two holes, 3 and 9. You will have to navigate around sand bunkers on about half the holes. There are two sets of tees which allow for playing two distinctive 9 hole rounds and good for golfers who enjoy the challenge of shorter distances. There is a small hitting range along with a putting green and chipping green for practicing. Cazenovia Park golf course is available for league play and golf outings. Contact the golf operations office for specific details. Concession stand is open through-out the season in the golf house. Covered patio for relaxing and enjoying some food and beverages.
